COVERAGE FOR LIABILITY AND RISKS RELATED TO CAMPGROUNDS

Campgrounds present a variety of liability related risks. Exposures could include fire rings, play grounds, swimming pools, or a large tree that is an attractive nuisance. Property can also pose a variety of exposures with campgrounds located in a higher protection class.

No matter the size of the campground, or the exposure, our underwriters have the expertise to assist you in placing coverage for your clients. Contact your Territory Manager to discuss a unique risk, walk you through the process and get a quote to your client quickly.
